MEMORANDUM FOR:

[Redacted]  
Associate General Counsel

SUBJECT:

Revision of [Redacted] and Associated  
Materials

Dick:

The attached half-inch of paper represents an initial revision of [Redacted] a proposed revision of [Redacted] a Headquarters Notice establishing the CIA Information Review Committee, and a draft version of a Headquarters Handbook.

This project was initially started to put us in the position to comply with the original issuance of [Redacted] subsequent to EO 11652. From a revision of [Redacted] the thing grew a little bit like Topsy or maybe Godzilla. I have no strong feelings for three of the documents, except as they may be necessary to tidy up loose ends. I do think the Handbook should be published in some form.
